

Safer Schools

Presentation for Primary Parents & Carers

Our school is launching the Safer Schools App

The Safer Schools App helps to educate, empower and protect children and those responsible with helping to keep them safe as they navigate the world of technology and social media.

The App is designed to support and protect children by educating and empowering them in school and at home. As parents and carers, you will have a tailored version of the app which will empower and educate you to best support the children in your care in the digital world.

So, let's take a look at what type of things are on the App.

School News Hub

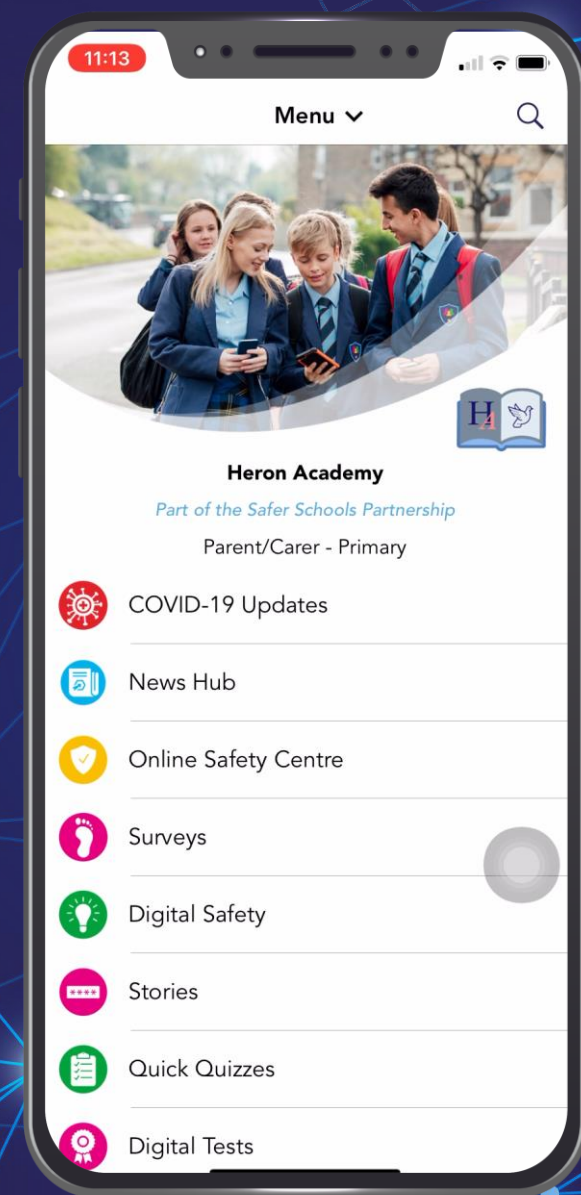

This is the School News Hub. You will see that this contains a School News section – this will link to our school website. You'll also find our school calendar for the academic year.

The safety hub contains all of the important alerts about new threats and trends online which are sent out by the Safer Schools Team.

In the video hub you will see all of the safeguarding videos posted by the safer schools team.

You can also find all of our school policies within this section of the App.

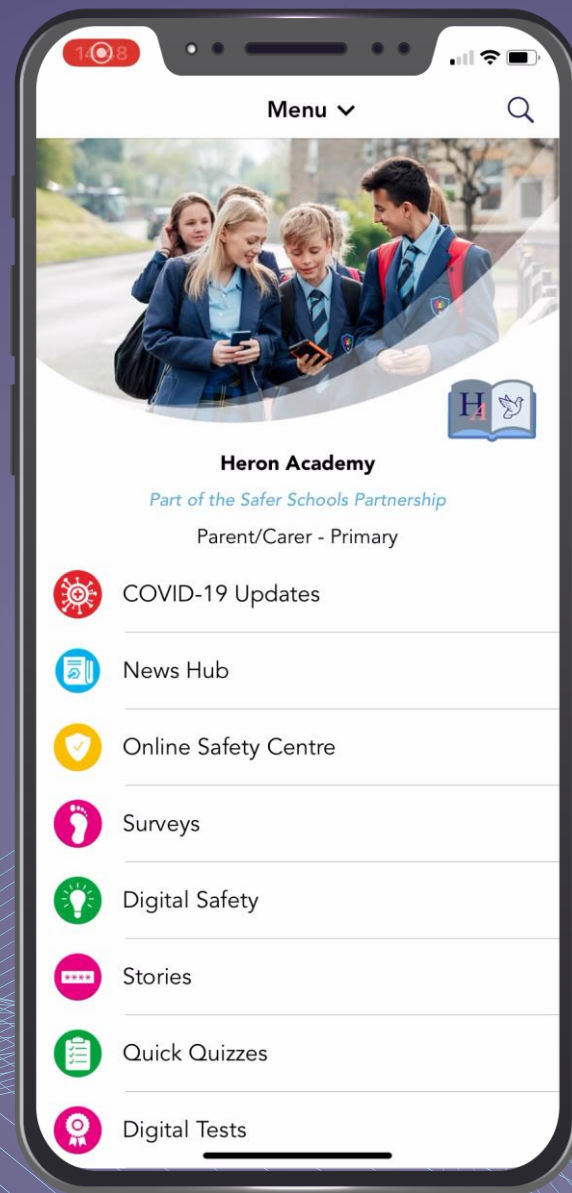

The alerts hub hosts all of the push notifications which can be sent out by us as a school, or by the Safer Schools Team. This could range from an alert about a new app, or simply a reminder from the school about an assembly. (Make sure that you turn all of your push notifications on when you download the App)

Online Safety Centre

Overwhelmed by the sheer amount of different apps and devices out there? Not sure how to help your children stay safe online? Check out the Online Safety Centre to find out how to block, report and set appropriate privacy and safety settings.

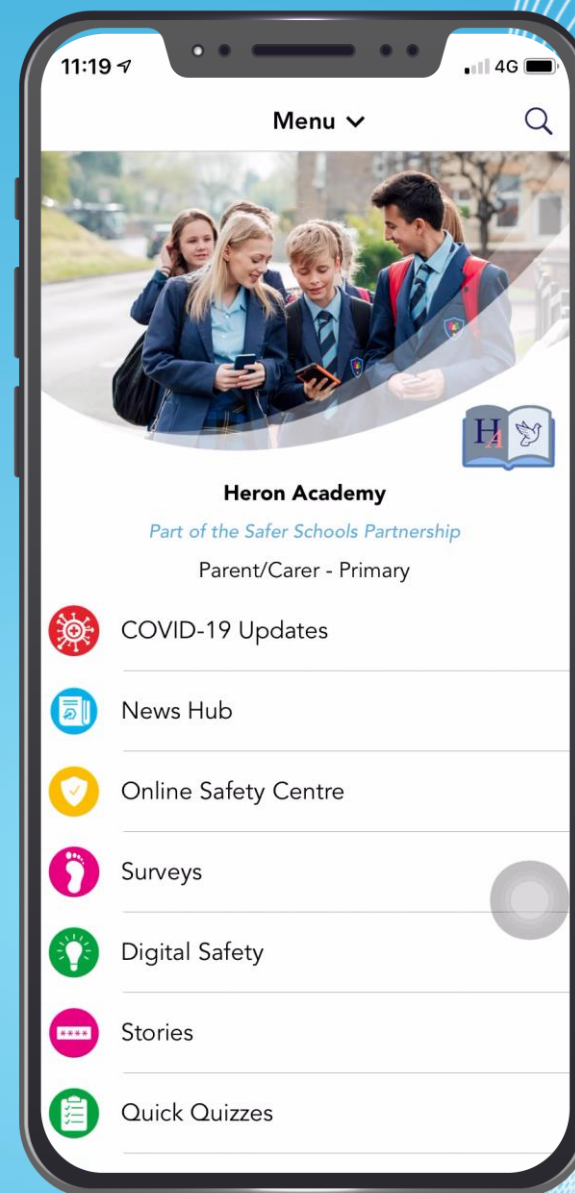

On the screen it shows an example of how to learn to block someone on TikTok. Simply click on the block button, choose the device you are using, select the social media app and then watch the short video.

Digital Safety

The Digital Safety section is a handy reference tool to keep you informed on a range of topics from from The Online World to Gaming.

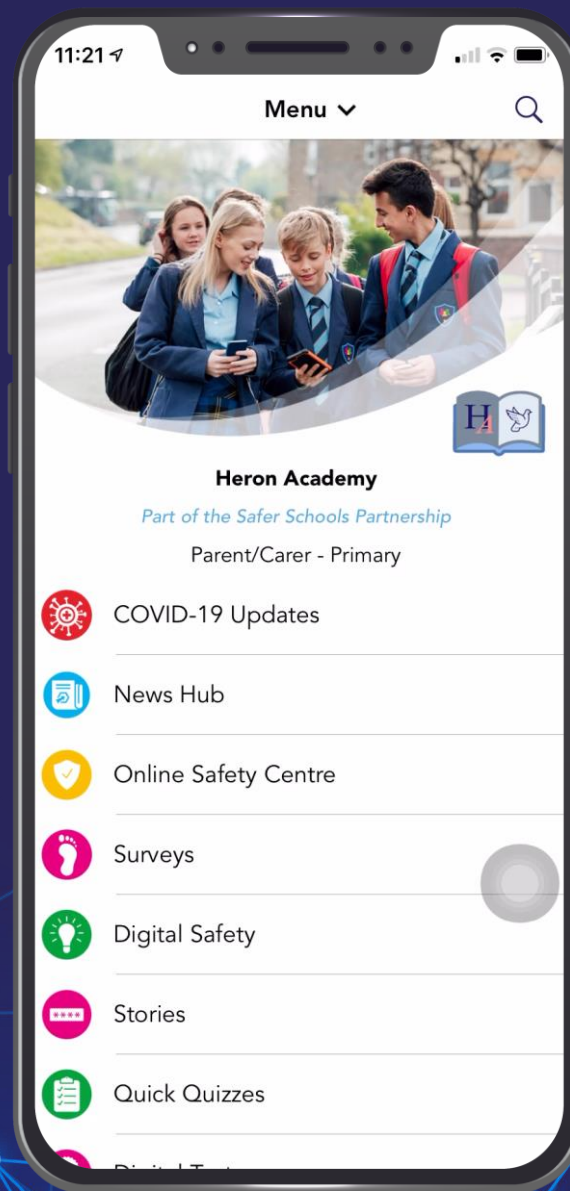

The screen recording shows you how to find all the info you need to know on the controversial, yet popular messaging app Kik in the Social Media section.

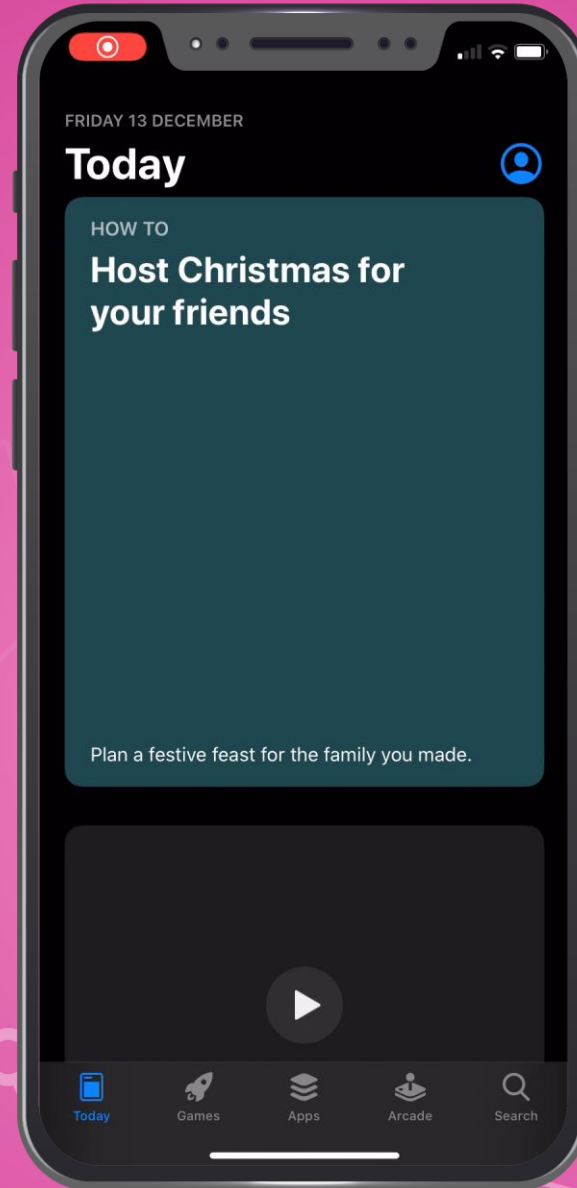

Quick Quizzes

Want to test your knowledge of the information on the App? Think you know as much as your kids? Try our Quick Quizzes on any of our topics. If you feel like even more of a challenge – try the Digital Tests section for a more in-depth, multiple choice quiz.

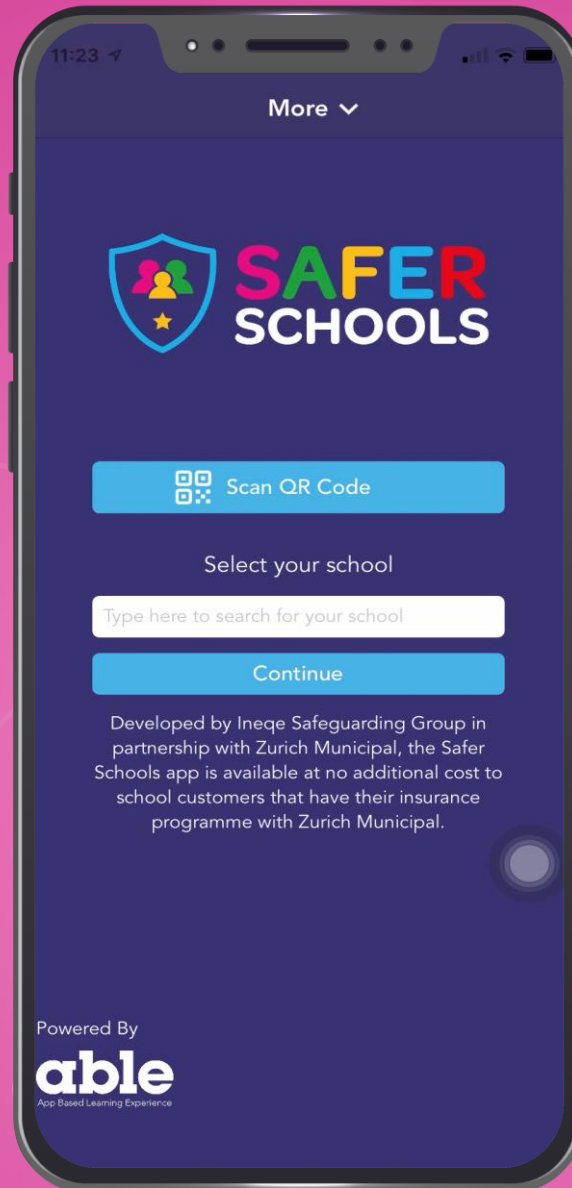

Step 1

Search for
'Safer
Schools'
in the App
or Google
Play store!

Step 2

Type in
your school
name

Step 3

Type in the
code 7440
for the
parent app.

Type in the
code 9342
for the pupil
app

Download the App now!
