Key Contacts. Roles and Training			

1. Context and Rationale

St.Mary's fully recognises the contribution we can make to protect children from harm and to support and promote the welfare of all children who are pupils at our school. This policy applies to all stakeholders; this includes pupils, staff, parents, governors, volunteers, placement students and visitors.

This policy will give clear direction to all stakeholders about expectations and our legal and moral responsibility to safeguard and promote the welfare of all children at our school.

St.Mary's is committed to safeguarding and promoting the physical, mental and emotional welfare of every pupil. We implement a whole-school preventative approach to managing safeguarding concerns, ensuring that the wellbeing of pupils is at the forefront of all action taken. We recognise that **no single professional can have a full picture** of a child's needs and circumstances. If children and families are to receive the right help at the right time, **everyone** who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

This policy sets out a clear and consistent framework for delivering this promise, in line with safeguarding legislation and statutory guidance. It will be achieved by:

- Ensuring that members of the governing board, the headteacher, staff and all stakeholders understand their responsibilities under safeguarding legislation and statutory guidance, are alert to the signs of child abuse, and know to refer concerns to the DSL. In addition, to ensure that staff are aware that ANYONE can make a referral and understand professional challenge.
- Teaching pupils how to keep safe and recognise behaviour that is unacceptable.
- Identifying and making provision for any pupil that has been subject to, or is at risk of, abuse, neglect, or exploitation.
- Creating a culture of safer recruitment by adopting procedures that help deter, reject or identify people who might pose a risk to children.
- Endeavour to provide a safe and welcoming environment where children are respected and valued; where the voice of the child is listened to and is paramount.
- Where it is believed that a child is at risk of or is suffering significant harm, the school will follow the procedures set out by our local Safeguarding Children Partnership arrangements.

2. Definitions

The terms “**children**” and “**child**” refer to anyone under the age of 18.

The purpose of this safeguarding policy is to ensure every pupil at St.Mary’s is safe and protected from harm. The Department for Education (DfE) ‘Keeping Children Safe in Education’ (September 2022), states safeguarding and promoting the welfare of children is defined for the purposes of this guidance as:

- Protecting children from maltreatment;
- Preventing impairment of children’s mental and physical health or development;
- Ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and
- Taking action to enable all children to have the best outcomes.

Children can abuse other children. This is generally referred to as **child-on-child abuse** and can take many forms. This can include (but is not limited to) bullying (including cyberbullying, prejudice-based and discriminatory bullying); sexual violence and sexual harassment; physical abuse such as hitting, kicking, shaking, biting, hair pulling, or otherwise causing physical harm; upskirting; initiating/hazing type violence and rituals; abuse in intimate personal relationships between children; consensual or non-consensual sharing of nudes or semi-nude images or videos, or causing someone to engage in sexual activity without consent.

For the purposes of this policy, “**sexual violence**” refers to the following offences as defined under the Sexual Offences Act 2003:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration, and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching, and A does not reasonably believe that B consents.
- **Causing someone to engage in sexual activity without consent:** A person (A) commits an offence if they intentionally cause another person (B) to engage in an activity, the activity is sexual, B does not consent to engaging in the activity, and A does not reasonably believe that B consents. This could include forcing someone to strip, touch themselves sexually, or to engage in sexual activity with a third party.

For the purposes of this policy, “**sexual harassment**” refers to unwanted conduct of a sexual nature that occurs online or offline, inside or outside of school. Sexual harassment is likely to violate a pupil’s dignity, make them feel intimidated, degraded or humiliated, and create a hostile, offensive, or sexualised environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence. Sexual harassment can include, but is not limited to:

- Sexual comments, such as sexual stories, lewd comments, sexual remarks about clothes and appearance, and sexualised name-calling.
- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against someone, interfering with someone’s clothes, and displaying images of a sexual nature.

- Online sexual harassment, which may be standalone or part of a wider pattern of sexual harassment and/or sexual violence. This includes:
 - The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
 - Sharing unwanted explicit content.
 - Upskirting.
 - Sexualised online bullying.
 - Unwanted sexual comments and messages, including on social media.
 - Sexual exploitation, coercion, and threats.

Upskirting refers to the act, as identified in the Voyeurism (Offences) Act 2019, of taking a picture or video under another person's clothing, without their knowledge or consent, with the intention of viewing that person's genitals or buttocks, with or without clothing, to obtain sexual gratification, or cause the victim humiliation, distress or alarm. Upskirting is a criminal offence. Anyone, including pupils and staff, of any gender can be a victim of upskirting.

Consensual and non-consensual sharing of nude and semi-nude images and/or videos, colloquially known as "**sexting**" and "**youth produced imagery**", is defined as the sharing between pupils of sexually explicit content, including indecent imagery. **Indecent imagery** is defined as an image which meets one or more of the following criteria:

- Nude or semi-nude sexual posing
- A child touching themselves in a sexual way
- Any sexual activity involving a child
- Someone hurting a child sexually
- Sexual activity that involves animals

Consent is defined as having the freedom and capacity to choose to engage in sexual activity. Consent may be given to one sort of sexual activity but not another and can be withdrawn at any time during sexual activity and each time activity occurs. A person only consents to a sexual activity if they agree by choice to that activity and has the freedom and capacity to make that choice. Children under the age of 13 can never consent to any sexual activity. The age of consent is 16.

3. Law and Guidance

This policy has due regard to all relevant legislation and statutory guidance including, but not limited to:

- **Education Act 2002**: Section 175 of the Education Act 2002 requires local education authorities and the governors of maintained schools and further education (FE) colleges to make arrangements to ensure that their functions are carried out with a view to safeguarding and promoting the welfare of children. Section 157 of the same act and the Education (Independent Schools Standards) (England) Regulations 2003 require proprietors of independent schools (including academies) to have arrangements to safeguard and promote the welfare of children.
- **Working Together to Safeguard Children 2018** guides education establishments of their role within inter-agency working to safeguard and promote the welfare of

children. This is **the government's statutory guidance for all organisations and agencies** who work with, or carry out work related to, children in the United Kingdom.

- **Keeping Children Safe in Education 2022**: The Department for Education (DfE) has updated the statutory safeguarding and child protection guidance for schools and colleges in England, Keeping Children Safe in Education. This guidance sets out what schools and colleges in England must do to safeguard and promote the welfare of children and young people under the age of 18.
- **Guidance for Safer Working Practice 2022**
- **The Children Act 1989 & 2004**
- **The Prevent Duty –** The Prevent duty is **the duty in the Counter-Terrorism and Security Act 2015** that sets out guidance for the LA and its partners to have due regard to the need to prevent people from being drawn into terrorism.
- **Female Genital Mutilation Act 2003** as inserted by the Serious Crime Act 2015
- **Sexual Offences Act 2003**
- **Equality Act 2010**
- **Counter-Terrorism and Security Act 2015**
- **Domestic Abuse Act 2021**
- **Disqualification under the Childcare Act 2006**

Relevant Non-statutory guidance

- DfE (2015) 'What to do if you're worried a child is being abused'
- DfE (2018) 'Information sharing'
- DfE (2017) 'Child sexual exploitation'
- DfE (2022) 'Recruit teachers from overseas'
- UKCIS (2020) 'Sharing nudes and semi-nudes: advice for education settings working with children and young people'

This policy operates in conjunction with the following school policies:

- School Attendance Policy
- Child Sexual Exploitation (CSE) Policy
- Prevent Duty Policy
- Anti-Bullying Policy
- Online Safety Policy
- Whistleblowing Policy

- Allegations of Abuse Against Staff Policy
- Staff Code of Conduct / Staff handbook
- Behaviour / Relationships Policy
- Managing pupils with medical conditions
- Child-on-Child abuse policy

4. Roles and responsibilities

All staff have a responsibility to:

- Consider, at all times, what is in the best interests of the pupil with a **child-centred approach**
- Contribute to, and maintain a **high safeguarding ethos** within the setting, with safeguarding pupils at the forefront of practice at all times
- Ensure ALL children have opportunities to communicate and know that they are **listened to**
- Contribute to **providing a curriculum** which will equip children with the skills to keep themselves safe and develop an attitude which will enable them to enter adulthood successfully and reach their full potential
- Establish effective, supportive, and **positive relationships** with parents, carers, pupils and other professionals
- Maintain an attitude of **'it could happen here'** where safeguarding is concerned
- Be proactive to provide a **safe and secure environment** in which pupils can learn
- Be prepared to **identify** pupils or families who may benefit from **early help**
- Be aware of the **school's individual procedures** that support safeguarding, including all policies, internal reporting procedures, information and engage with training provided
- Be aware of the role and **identity of the DSL** and deputy DSLs and seek them for advice if required
- Undertake **safeguarding training**, including online safety training, during induction and subsequently on a regular basis (at least annually), including receiving bulletins, emails and briefings. Staff should undertake **Prevent awareness training** at least bi-annually
- Be aware of the **local early help process** and understand their role in it.
- Be aware of, and understand, the process for making referrals to Children's Social Care, understanding that **anyone can make a referral**
- Understand how to make a referral to CSC and/or the police immediately, if at any point there is a **risk of immediate serious harm to a child**
- Be aware of and **understand the procedure to follow** in the event that a child confides they are being abused, exploited or neglected, in a timely manner
- Maintain appropriate **levels of confidentiality** when dealing with individual cases
- **Reassure victims** that they are being taken seriously, that they will be supported, and that they will be kept safe.
- Be aware of **safeguarding issues** that can put pupils at risk of harm.

- **Be aware of behaviours linked to issues** such as drug-taking, alcohol misuse, deliberately missing education, sharing indecent images, extremist behaviours and other signs that pupils may be at risk of harm
- Be fully aware of the importance of **mental health in relation to safeguarding** and that all staff should also be aware that mental health problems can, in some cases, be an indicator that a child has suffered or is at risk of suffering abuse, neglect or exploitation.
- Be aware that **a pupil may not feel ready** or know how to tell someone that they are being abused, exploited or neglected, and/or may not recognise their experiences as harmful.

Teachers, including the headteacher, have a responsibility to:

- Safeguard pupils' wellbeing and maintain public trust in the teaching profession as part of their professional duties, as outlined in the '**Teachers' Standards**'.

The governing body has a duty to:

- Take **strategic leadership responsibility** for the school's safeguarding arrangements
- Ensure that the school **complies with its duties** under the above child protection and safeguarding legislation
- Ensure that all governors receive **appropriate safeguarding and child protection training** upon their induction and that this training is updated regularly
- Ensure that staff **read, understand and follow** part one of KCSIE September 2022
- Ensure a **named Governor takes leadership responsibility** for safeguarding arrangements and receives appropriate training in the management of safeguarding
- Attend **Prevent training** at least bi-annually
- Appoint an appropriate member of staff from the SLT to the **role of DSL** and one or more deputy DSLs to provide support and ensure that they are trained to the same standard as the DSL ensuring that the roles are explicit in their job description(s). Ensure the provision of appropriate support, funding, training, resources, and time to carry out their role
-
- Support and monitor a **whole-school approach to safeguarding**; this includes ensuring that safeguarding and child protection are at the forefront and **ethos** remains consistently high
- Ensure **systems are in place so that children to confidently report abuse**, knowing that their concerns will be treated seriously, and they can safely express their views and give feedback; these systems will be well-promoted, easily understood, and easily accessible. Ensure that the **voice of the child** is heard and acted upon.
- Ensure **effective and appropriate policies** and procedures are in place
- Make sure that **pupils are taught about safeguarding**, including protection against dangers online (including when they are online at home), through teaching and learning opportunities, as part of providing a broad and balanced curriculum
- Adhere to statutory responsibilities by conducting **pre-employment checks on staff** who work with children

- Ensure the school has **clear systems and processes in place for identifying possible mental health problems in pupils**, including clear routes to escalate concerns and clear referral and accountability systems
- Ensure that at least one person on any recruitment panel has undertaken **safer recruitment training**
- Ensure that **all staff receive relevant safeguarding and child protection training** updates, e.g. emails, as required, but at least annually, including a thorough induction
- Confirm that there are transparent procedures in place to handle **allegations against staff**, supply staff, volunteers and contractors
- Confirm that there are **procedures in place to make a referral to the DBS** and the Teaching Regulation Agency (TRA), where appropriate, if a person in regulated activity has been dismissed or removed due to safeguarding concerns or would have been had they not resigned
- Ensure that appropriate disciplinary procedures are in place, as well as **policies pertaining to the behaviour of pupils and staff**
- Ensure that **procedures are in place to eliminate unlawful discrimination**, harassment and victimisation, including those in relation to child-on-child abuse.
- Appoint a **designated teacher to promote the educational achievement of CLA** and ensure that this person has undergone appropriate training
- Ensure that the **appropriate level of check** is completed on Governors
- Create a culture where **staff are confident to challenge** senior leaders over any safeguarding concerns
- Ensure that **children are safe online** by ensuring that appropriate filters and monitoring systems are in place. We use SWIGL 360 to check our Lightspeed filter is working. Tech Hub monitor this and the headteacher receives reports if there have been any concerning key words searched.
- Ensure that **safeguarding is embedded within the curriculum**
- Ensure staff in school are aware of, and policies are personalised to reflect, an understanding of specific issues such as **child-on-child abuse** and safeguarding children with disabilities and special educational needs.
- Partake and complete the **S175/175 audit tool** on a bi-annual basis (at least) as directed by the Local Authority
- Be aware of their obligations under the **Human Rights Act 1998**, the Equality Act 2010 (including the Public Sector Equality Duty), and the local multi-agency safeguarding arrangements.
- Ensure that all practice and procedures operate with the best interests of the child at the centre with a **firm child centred approach**.

The DSL has a duty to:

- Take **lead responsibility for safeguarding** and child protection, including online safety, creating and maintaining a highly visible safeguarding culture
- Provide **advice, support and expertise to other staff** on child welfare, safeguarding and child protection matters.
- **Take part in strategy discussions**, inter-agency meetings and Child Protection Conferences and/or support other staff to do so.
- **Contribute to the** assessment of children, and/or support other staff to do so

- Ensure that all staff receive **appropriate safeguarding training**
- **Be available** during school hours for staff to discuss any safeguarding concerns
- Arrange, alongside the school, adequate and **appropriate cover** for any activities outside of school hours or terms.
- Refer cases:
 - To CSC where abuse and neglect are suspected, and support staff who make referrals CSC
 - To the Channel programme where radicalisation concerns arise, and support staff who make referrals to the Channel programme
 - To the DBS where a person is dismissed or has left due to harm, or risk of harm, to a child.
 - To the police where a crime may have been committed, in line with the National Police Chiefs' Council (NPCC) guidance
 - And to any other appropriate identified agency or partner.
- Act as a **point of contact** with the multi-agency partners
- Ensure **effective communication** and information sharing (when appropriate) between Deputy DSL's/Governance/ Head teacher.
- Liaise with staff when deciding whether to make a referral by **liaising with relevant agencies** so that children's needs are considered holistically
- Liaise with the **senior mental health lead** and, where available, the Mental Health Support Team, where safeguarding concerns are linked to mental health.
- Promote **supportive engagement with parents** in safeguarding and promoting the welfare of children, including where families may be facing challenging circumstances
- Work with relevant staff, **taking lead responsibility for promoting educational outcomes** for children, by understanding the lasting impact that adversity and trauma can have on children's behaviour, mental health and wellbeing, knowing the safeguarding and child protection issues that children in need are experiencing, or have experienced, and identifying the impact that these issues might be having on their attendance, engagement and achievement at school. This includes:
 - Ensuring that the school knows which pupils have or had a social worker
 - Understanding the academic progress and attainment of these pupils
 - Maintaining a culture of high aspirations for these pupils
 - Supporting teachers to provide additional academic support or reasonable adjustments to help these pupils reach their potential
- Ensure that **child protection files are kept updated** and secure, monitoring the quality and accuracy of logs
- Ensure that a pupil's child protection **file is transferred** as soon as possible, and within five days, when transferring to a new school, and consider any additional information that should be shared to support a child's journey
- Ensure **all stakeholders understand the Child Protection Policy**, Keeping Children Safe in Education 2022 and internal procedures to report any concerns are transparent and understood by all. Ensure this information is given in **induction** and at regular intervals/ training
- Work with the governing board to ensure the school's Child Protection and **Safeguarding Policy is reviewed annually**, and the procedures are updated and reviewed regularly

- Ensure the school's **Child Protection and Safeguarding Policy is available publicly**, ensure that parents are aware of schools' responsibilities regarding safeguarding and child protection
- Undergo **DSL training**, and update this training at least every two years to remain compliant
- Ensure opportunities for **further training** and opportunities for upskilling are taken
- Encourage a culture of listening to children promoting **the voice of the child**
- **Recognise the importance of information sharing**, including within school, with other schools and with the safeguarding partners and other agencies by understanding relevant data protection legislation and regulations, especially the Data Protection Act 2018 and the UK GDPR
- Undertake **Prevent** awareness training (at least) bi-annually
- Be provided with appropriate support and **supervision** in order to carry out the role safely and effectively
- Liaise with the Local Authority Personal Advisors for any Care Leavers.
- Have due regard to Appendix C of Keeping Children Safe in Education 2022 – 'The Role of the Designated Safeguarding Lead'

St.Mary's recognises that Deputy DSL's must be trained to same standard as the DSL. We have an additional DSL (class teacher to ensure safeguarding is effective in the instance DSLs are out of school).

The designated teacher has a responsibility for promoting the educational achievement of CLA and previously CLA (PLAC), and for children who have left care through adoption, special guardianship or child arrangement orders or who were adopted from state care outside England and Wales. In our setting, this is Mr Gilmour.

5. Training and Induction

St.Mary's recognise the importance of ongoing staff training and development to keep staff aware of emerging issues and keeping the ethos of safeguarding high. Everybody has a role to play in safeguarding our children and we strive to ensure all staff are well informed and know what to do if they have any concerns. Staff members, governors and volunteers will undergo safeguarding and child protection training at induction, which will be updated on a regular basis and/or whenever there is a change in legislation.

The induction training will cover:

The Child Protection and Safeguarding Policy

- The Child-On-Child Abuse procedures
- The Staff Code of Conduct
- Part one of 'Keeping children safe in education' (KCSIE 2022)
- The Behaviour Policy
- The School Attendance Policy, including the safeguarding response to children who have unexplained absences or go missing from education
- Appropriate child protection and safeguarding training, including online safety training
- Information about the role and identity of the DSL and deputy DSL(s)
- How to record concerns in your setting.

Following induction, we recognise the need to ensure continual, effective training to staff and other stakeholders. We will ensure:-

- ALL staff, Governors and volunteers will receive Safeguarding Training (at least) annually
- The DSL/s will provide ALL staff, volunteers and governors with regular safeguarding updates
- ALL staff, volunteers and governors will read and show an understanding of any updates that are provided
- DSLs will attend DSL training every 2 years and update their knowledge, skills and understanding of relevant safeguarding issues on a regular basis
- The DSL, along with Governors and all staff will undertake Prevent awareness training (at least) every two years
- At least one member of staff and one governor will attend Safer Recruitment Training
- ALL staff, volunteers and governors will undertake any additional specialised training on matters such as Child Sexual Exploitation, Prevent, Child-on-Child abuse, Online Safety, FGM etc as is deemed necessary by the SLT/DSL and that is particularly relevant to the context and needs of the setting
- Any staff member will discuss any specific training requirements or gaps in knowledge or understanding with the DSL/s
- Staff will receive opportunities to contribute towards and inform the safeguarding arrangements in the school
- Detailed records will be held of staff safeguarding training and ensure that no training becomes out of date.

6. Multi-Agency Working

The school contributes to multi-agency working as part of its statutory duty. The school is aware of and will follow the local safeguarding arrangements. Further details on www.safeguardingpartnership.org.uk

The school will be fully engaged, involved, and share information with local safeguarding arrangements. Once the school is named as a relevant agency by local safeguarding partners, it will follow its statutory duty to cooperate with the published arrangements in the same way as other relevant agencies.

The school will work with Children & Family Well – Being Team, CSC, the Police, Health services and other relevant partners and agencies for the benefit of families and children ensuring contribution to multi-agency plans to provide additional support.

Where a need for early help is identified, the school will allow access for CSC from the host LA and, where appropriate, a placing LA, for that LA to conduct (or consider whether to conduct) a section 17 or 47 assessment.

Our school also recognises the particular importance of inter-agency working in identifying and preventing CSE and CCE.

Information sharing

The school recognises the importance of proactive information sharing between professionals and local agencies in order to effectively meet pupils' needs and identify any need for early help.

Considering the above, staff will be aware that whilst the UK GDPR and the Data Protection Act 2018 place a duty on schools to process personal information fairly and lawfully, they also allow for information to be stored and shared for safeguarding purposes – data protection regulations do not act as a barrier to sharing information where failure to do so would result in the pupil being placed at risk of harm.

Staff members will ensure that fear of sharing information does not stand in the way of their responsibility to promote the welfare and safety of pupils. If staff members are in doubt about sharing information, they will speak to the DSL or deputy DSL(s).

7. Early help

Early help means providing support as soon as the need emerges, at any point in a child's life. Staff at St.Mary's recognise that any professional can provide early help. Any pupil or family may benefit from early help, but staff will be alert to the potential need specifically for early help for pupils who:

- Are disabled, have certain health conditions, or have specific additional needs
- Have SEND, regardless of whether they have a statutory EHC plan
- Have mental health needs
- Are young carers.
- Show signs of being drawn into anti-social or criminal behaviour, including gang involvement and association with organised crime groups or county lines
- Are frequently missing or going missing from care or from home
- Are at risk of modern slavery, trafficking, or sexual or criminal exploitation
- Are at risk of being radicalised
- Is misusing drugs or alcohol
- Have family members in prison, or are affected by parental offending
- Are in a family circumstance presenting challenges for them, such as drug and alcohol misuse, adult mental health problems, or domestic abuse
- Have returned home to their family from care
- Are at risk of HBA, such as FGM or forced marriage.
- Are privately fostered.
- Are displaying harmful sexual behaviours which may pose a risk to other children and themselves
- Are persistently absent from education, including persistent absences for part of the school day
- Show any other early signs of abuse, neglect any other identified reason not listed above that requires extra support or intervention to improve outcomes for families and children.

The DSL (Miss Deakin) will take the lead where early help is appropriate and consent has been gained. This includes liaising with other agencies and setting up an inter-agency assessment as appropriate. The local early help process will be followed as required to help provide the right, effective support at the right time.

[Early Help Assessment - information for professionals - Lancashire County Council](#)

Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead practitioner. Any such cases will be kept under constant review assessing the impact of the support.

We therefore ensure that:

- All staff and volunteers can identify the risk factors that indicate a family or pupil may benefit from Early Help and can follow school procedures to share this with the DSL
- DSLs (Miss Deakin or Mr Gilmour) –will undertake a Family Early Help Assessment, when appropriate, to identify what Early Help is required
- DSLs will signpost and refer to appropriate support agencies
- DSLs will lead on TAF meetings where is it appropriate for them to do so
- DSLs will follow the local safeguarding processes and refer to Children's Social Care where Early Help has not been successful in reducing risk and meeting unmet needs using the Levels of Need contained within **Working Well with Children and Families in Lancashire** guidance

8. Abuse and neglect

Abuse is defined as a form of maltreatment of a child which involves inflicting harm or failing to act to prevent harm. Harm can include ill treatment that is not physical as well as the impact of witnessing the ill treatment of others – this can be particularly relevant, for example, in relation to the impact on children of all forms of domestic abuse. Children may be abused in a family, institutional or community setting by those known to them or by others, e.g. via the internet. Abuse can take place wholly online, or technology may be used to facilitate offline abuse. Children may be abused by one or multiple adults or other children.

Physical abuse is defined as a form of abuse which may involve actions such as hitting, shaking, throwing, biting, poisoning, burning or scalding, drowning, suffocating, or otherwise causing physical harm to a child. Physical abuse can also be caused when a parent fabricates the symptoms of, or deliberately induces, illness in a child. Staff are aware of Female Genital Mutilation, a form of Physical abuse.

Emotional abuse is defined as the persistent emotional maltreatment of a child such as to cause severe and adverse effects on the child's emotional development. This may involve conveying to a child that they are worthless, unloved, inadequate, or valued only insofar as they meet the needs of another person. It may include not giving the child the opportunities to express their views, deliberately silencing them, 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children, such as interactions that are beyond their developmental capability, overprotection and limitation of exploration and learning, or preventing the child from participating in normal social interaction. **It may involve seeing or hearing the ill-treatment of another.** It may involve serious bullying, including cyberbullying, causing the child to frequently feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, but it may also occur alone.

Sexual abuse is defined as abuse that involves forcing or enticing a child to take part in sexual activities, not necessarily involving violence, and regardless of whether the child is aware of what is happening. This may involve physical contact, including assault by penetration, or non-penetrative acts, such as masturbation, kissing, rubbing, and touching outside of clothing. It

may also include non-contact activities, such as involving children in looking at, or in the production of, sexual images, encouraging children to behave in sexually inappropriate ways, or grooming a child in preparation for abuse. Sexual abuse can be perpetrated by people of any gender and age.

Neglect is defined as the persistent failure to meet a child's basic physical and/or psychological needs, likely to result in serious impairment of a child's health or development. This may involve a parent or carer failing to provide a child with adequate food, clothing or shelter (including exclusion from home or abandonment); failing to protect a child from physical or emotional harm or danger; failing to ensure adequate supervision (including through the use of inappropriate caregivers); or failing to ensure access to appropriate medical care or treatment. It may also include neglect of, or unresponsiveness to, a child's basic emotional needs.

- All staff will be aware of the indicators of abuse and neglect and be vigilant and always raise concerns with the DSL. All staff, especially the DSL and deputy DSL(s), will be aware that safeguarding incidents and/or behaviours can be associated with contextual factors outside the school and/or can occur between children outside of these environments; this includes being aware that pupils can at risk of abuse or exploitation in situations outside their families (extra-familial harms.)
- All staff will be aware that technology is a significant component in many safeguarding and wellbeing issues, including online abuse, cyberbullying, radicalisation and the sharing of indecent images.
- ALL staff understand that children who perpetrate abuse or display harmful behaviour should be treated as victims first and foremost and supported in the same way a victim of abuse would be supported - Risk Assessments will be undertaken where a child's behaviour poses a risk to others, themselves or the environment.
- ALL staff and volunteers understand that there are specific and emerging ways in which children can be abused and are aware of these specific issues, reporting any concerns, in the appropriate manner to the DSL. Specific issues include (but are not limited to):

9. Domestic abuse

In line with the Domestic Abuse Act 2021, **domestic abuse** is defined as abusive behaviour of a person towards another person where both are aged 16 or over and are personally connected. **Abusive behaviour** includes physical or sexual abuse, violent or threatening behaviour, controlling or coercive behaviour, economic abuse, psychological or emotional abuse, or another form of abuse.

The school will recognise the serious, long lasting emotional impact of domestic abuse on children, as victims in their own right, if they see, hear or experience the effects of domestic abuse. All staff will be aware of the signs of domestic abuse and follow the appropriate safeguarding procedures where concerns arise.

St.Mary's has commitment to Operation Encompass and informing all stakeholders of the initiative. The lead person for Operation Encompass is **Miss Deakin (full training completed 14.6.22)**. www.operationencompass.org

An Encompass and Domestic Abuse briefing was sent to all staff as a refresher.

10.Homelessness

The DSL and deputy DSL(s) are aware of the contact details and referral routes into the Local Housing Authority so that concerns and support over homelessness can be raised as early as possible. Indicators that a family may be at risk of homelessness include:

- Household debt
- Rent arrears
- Domestic abuse
- Anti-social behaviour
- Any mention of a family moving home because "they have to" or frequent moves.

Referrals to the Local Housing Authority do not replace referrals to CSC where a child is being harmed or at risk of harm. For 16- and 17-year-olds, homelessness may not be family-based and referrals to CSC will be made as necessary where concerns are raised.

11.Children absent from school

Staff will be aware a child being absent from school is a potential indicator of abuse or neglect and, as such, these pupils are particularly at risk of being victims of harm, sexual and criminal exploitation, forced marriage, female genital mutilation or radicalisation. Staff will monitor pupils that are absent from school, particularly on repeat occasions, and report them to the DSL following normal safeguarding procedures, and in accordance with the School Attendance Policy. The school will inform the LA of any pupil who fails to attend regularly or has been absent without the school's permission for a continuous period of 10 school days or more, in accordance with LA protocol.

Where reasonably possible schools and colleges **will hold more than one emergency contact number for their pupils and students.**

12.Children attending an approved educational activity

An approved educational activity is where a pupil is attending another school at which they are registered or taking part in off-site activity such as field trips, educational visits, work experience or unregistered alternative provision.

Pupils can only be recorded as attending an off-site activity if it is approved by the school, of an educational nature and supervised by someone authorised by the school. Ultimately, school are responsible for the safeguarding and welfare of pupils taking part in an off-site educational activity so it would be reasonable to expect that the school would only authorise someone who was answerable to the school to supervise an activity. Such activities include:

- Dual registered at another school
- Participating in a supervised sporting activity

- Educational visit or trip
- Work experience.

13. Child criminal exploitation (CCE)

Child criminal exploitation is defined as a form of abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into taking part in criminal activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence (this could be online or through technology)

Specific forms of CCE can include:

- Being forced or manipulated into transporting drugs or money through county lines.
- Working in cannabis factories.
- Shoplifting or pickpocketing.
- Committing vehicle crime.
- Committing, or threatening to commit, serious violence to others.

The school will recognise that pupils involved in CCE are victims themselves, regardless of whether they have committed crimes, and even if the criminal activity appears consensual. The school will also recognise that pupils of **any gender** are at risk of CCE.

School staff will be aware of the indicators that a pupil is the victim of CCE, including:

- Associating with other children involved in exploitation
- Suffering from changes in emotional wellbeing
- Misusing drugs or alcohol
- Going missing for periods of time or regularly coming home late
- Regularly missing school or education
- Appearing with unexplained gifts, money or new possessions.

Criminal exploitation of children can include **County Lines**. This is a geographically widespread form of harm that is a typical feature of county lines criminal activity: drug networks or criminal networks / gangs groom and exploit children and young people to carry drugs and money into one or more areas. Key to identifying potential involvement in county lines are missing episodes, when the victim may have been trafficked or the purpose of transporting drugs and a referral to the National Referral Mechanism should be considered in addition to normal safeguarding procedures.

As well as the general indicators for CCE, school staff will be aware of the specific indicators that a pupil may be involved in county lines, including:

- Going missing and subsequently being found in areas away from their home.
- Having been the victim or perpetrator of serious violence, e.g. knife crime.
- Receiving requests for drugs via a phone line, moving drugs, collecting money
- Being found in accommodation they have no connection
- Owing a 'debt bond' to their exploiters

- Having their bank account used to facilitate drug dealing.
- Persistently going missing or being found out of their usual area
- Unexplained acquisition of money, clothes or mobile phones
- Excessive receipt of texts or phone calls
- Relationships with controlling or older individuals or groups
- Leaving home without explanation
- Evidence of physical injury or assault that cannot be explained
- Carrying weapons
- Sudden decline in school results
- Becoming isolated from peers or social networks
- Self-harm or significant changes in mental state
- Parental reports of concern

Referring cases

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern still remains, local safeguarding procedures will be triggered, including referral to the LA.

14. Child Sexual Exploitation (CSE)

Child Sexual Exploitation is defined as a form of sexual abuse where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child into sexual activity, for any of the following reasons:

- In exchange for something the victim needs or wants
- For the financial advantage, increased status or other advantage of the perpetrator or facilitator
- Through violence or the threat of violence, this could be online or through technology.

The school will recognise that CSE can occur over time or be a one-off occurrence, and may happen without the pupil's immediate knowledge, e.g. through others sharing videos or images of them on social media. The school will recognise that CSE can affect any pupil who has been coerced into engaging in sexual activities, even if the activity appears consensual; this includes pupils aged 16 and above who can legally consent to sexual activity. The school will also recognise that pupils may not realise they are being exploited and they believe they are in a genuine romantic relationship.

School staff will be aware of the key indicators that a pupil is the victim of CSE, including:

- Appearing with unexplained gifts, money or new possessions.
- Associating with other children involved in exploitation.
- Suffering from changes in emotional wellbeing.
- Misusing drugs or alcohol.
- Going missing for periods of time or regularly coming home late.
- Regularly missing school or education or not taking part.

- Having older boyfriends or girlfriends.
- Suffering from sexually transmitted infections.
- Displaying sexual behaviours beyond expected sexual development.
- Becoming pregnant.

Where CSE, or the risk of it, is suspected, staff will discuss the case with the DSL. If after discussion a concern remains, local safeguarding procedures will be triggered.

15. Pupils required to give evidence in court

Pupils required to give evidence in criminal courts, either for crimes committed against them or crimes they have witnessed, will be offered appropriate pastoral support.

Pupils will be provided with the booklet 'Going to Court' from HMCTS where appropriate and allowed the opportunity to discuss questions and concerns.

16. Modern slavery

Modern slavery encompasses human trafficking and slavery, servitude, and forced or compulsory labour. This can include CCE, CSE, and other forms of exploitation.

All staff will be aware of and alert to the signs that a pupil may be the victim of modern slavery. Staff will also be aware of the support available to victims of modern slavery and how to refer them to the National Referral Mechanism. (From The Modern Slavery Act 2015, Section 52) The public authority (including schools) bears this obligation where it has 'reasonable grounds to believe that a person may be a victim of slavery or human trafficking':

17. FGM

FGM is defined as all procedures involving the partial or total removal of the external female genitalia or other injury to the female genital organs. FGM is illegal in the UK and a form of child abuse with long-lasting harmful consequences.

All staff will be alert to the possibility of a pupil being at risk of FGM, or already having suffered FGM. If staff are worried about someone who is at risk of FGM or who has been a victim of FGM, they are required to share this information with CSC and/or the police. The school's procedures relating to managing cases of FGM and protecting pupils will reflect multi-agency working arrangements.

As outlined in Section 5B of the Female Genital Mutilation Act 2003 (as inserted by section 74 of the Serious Crime Act 2015), teachers are **legally required** to report to the police any discovery, whether through disclosure by the victim or visual evidence, of FGM on a pupil under the age of 18. Teachers failing to report such cases may face disciplinary action. Teachers will not examine pupils, and so it is rare that they will see any visual evidence, but they must personally report to the police where an act of FGM appears to have been carried out. Unless the teacher has a good reason not to, they should also consider and discuss any

such case with the DSL and involve CSC as appropriate. **NB:** This does not apply to any suspected or at-risk cases, nor if the individual is over the age of 18. In such cases, local safeguarding procedures will be followed.

All staff will be aware of the indicators that pupils may be at risk of FGM. While some individual indicators they may not indicate risk, the presence of two or more indicators could signal a risk to the pupil. It is important to note that the pupil may not yet be aware of the practice or that it may be conducted on them, so staff will be sensitive when broaching the subject.

Indicators that a pupil may be at heightened risk of undergoing FGM include:

- The socio-economic position of the family and their level of integration into UK society
- The pupil coming from a community known to adopt FGM
- Any girl with a mother or sister who has been subjected to FGM
- Any girl withdrawn from PSHE
- Travel abroad or a long holiday with relatives to a country known to practise FGM.

FGM is included in the definition of **honour-based' abuse (HBA)** which involves crimes that have been committed to defend the honour of the family and/or community. All forms of HBA are forms of abuse and will be treated and escalated as such. Staff will be alert to the signs of HBA, including concerns that a child is at risk of HBA, or has already suffered from HBA, and will consult with the DSL who will activate local safeguarding procedures if concerns arise.

18. Forced marriage

Forced marriage is defined as a marriage that is entered into without the full and free consent of one or both parties, and where violence, threats or any other form of coercion is used to cause a person to enter into the marriage. Threats can be physical, emotional, or psychological. A lack of full and free consent can be where a person does not consent or where they cannot consent, e.g. due to some forms of SEND. Forced marriage is a crime in the UK and a form of HBA.

Staff who have any concerns regarding a pupil who may have undergone, is currently undergoing, or is at risk of forced marriage will speak to the DSL and local safeguarding procedures will be followed – this could include referral to CSC, the police or the Forced Marriage Unit. It will be made clear to staff members that they should not approach the pupil's family or those with influence in the community, without the express consent of the pupil, as this will alert them to the concerns and may place the pupil in further danger.

19. Extremism & Radicalisation

Extremism refers to the vocal or active opposition to fundamental British values, including democracy, the rule of law, individual liberty, and the mutual respect and tolerance of different faiths and beliefs. Extremism also includes calling for the death of members of the armed forces. **Radicalisation** refers to the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.

Terrorism refers to an action that endangers or causes serious violence to a person or people, serious damage to property, or seriously interferes with or disrupts an electronic system. The

use or threat of these actions must be designed to influence the government or intimidate the public, and be made for the purpose of advancing a political, religious or ideological cause.

Protecting pupils from the risk of radicalisation is part of the school's wider safeguarding duties. The school will actively assess the risk of pupils being radicalised and drawn into extremism and/or terrorism. Staff will be alert to changes in pupils' behaviour which could indicate that they may need help or protection. Staff will use their professional judgement to identify pupils who may be at risk of radicalisation and act appropriately, which may include contacting the DSL or making a Prevent referral. The school will work with local safeguarding arrangements as appropriate to ensure awareness of local & national incidents that may heighten the activity of extreme groups or cause increased curiosity of children.

The school will ensure that they engage with parents and families, as they are in a key position to spot signs of radicalisation. In doing so, the school will assist and advise family members who raise concerns and provide information for support mechanisms. Any concerns over radicalisation will be discussed with the pupil's parents, unless the school has reason to believe that the child would be placed at risk as a result.

The DSL will undertake Prevent awareness training to be able to provide advice and support to other staff on how to protect pupils against the risk of radicalisation and ensure that all staff and governors have received appropriate and up-to date training.

- The Online Safety Policy will support the safeguarding of children online by ensuring they cannot access terrorist and extremist material when using the internet and that suitable filtering software and supervision is in place.
- DSLs understand when it is appropriate to make a referral to the Channel Panel and are aware of how to do so. 'Notice. Check. Share.'

LPP Lancashire
School Audit & Plan

LPP Lancashire
Schools Audit & Plan

The Prevent duty

Under section 26 of the Counter-Terrorism and Security Act 2015, all schools are subject to a duty to have “due regard to the need to prevent people from being drawn into terrorism”, known as **the Prevent duty**, forming part of the school's wider safeguarding obligations.

The school's procedures for carrying out the Prevent duty, including how it will engage and implement the Channel programme, are outlined in the Prevent Duty Policy.

St.Mary's will ensure that ALL Staff, Governors and volunteers are informed and have 'due regard to the need to prevent people from being drawn into terrorism', known as the 'Prevent Duty.'

Prevent Lead	Miss S Deakin
Prevent Governor Lead	Mr P Rydeard
Prevent Curriculum Lead	Miss S Deakin

20. Private fostering

Where a period of UK homestay lasts 28 days or more for a child aged under 16, or under 18 for a child with SEND, this may amount to private fostering under the Children Act 1989. Where the school becomes aware of a pupil being privately fostered, they will notify CSC as soon as possible to allow the LA/CSC to conduct any necessary checks.

21. Pupils with family members in prison

Pupils with a family member in prison will be offered pastoral support as necessary. They will receive a copy of 'Are you a young person with a family member in prison?' from Action for Prisoners' Families where appropriate and allowed the opportunity to discuss questions and concerns.

22. Child-on-Child abuse including sexualised abuse

Child-on-Child abuse is defined as abuse between children under 18 years of age.

St.Mary's has a **zero-tolerance approach to abuse**, including child-on-child abuse.

We will refer to the specific guidance in Keeping Children Safe in Education Part five: Child on Child Sexual Violence and Sexual Harassment and Lancashire Procedures. 5.31 Peer Abuse (proceduresonline.com)

All staff will be aware that child-on-child abuse can occur between pupils of any age and gender, both inside and outside of school, as well as online. All staff will be aware of the indicators of child-on-child abuse, how to identify it, and how to respond to reports. All staff will also recognise that even if no cases have been reported, this is not an indicator that child-on-child abuse is not occurring. All staff will speak to the DSL if they have any concerns about child-on-child abuse.

All staff will understand the importance of challenge inappropriate behaviour between peers and will not tolerate abuse as "banter" or "part of growing up".

Child-on-child abuse can be manifested in many different ways, including:

- Bullying, including cyberbullying and prejudice-based or discriminatory bullying.
- Abuse in intimate personal relationships between peers.
- Physical abuse – this may include an online element which facilitates, threatens and/or encourages physical abuse.
- Sexual violence – this may include an online element which facilitates, threatens and/or encourages sexual violence.
- Sexual harassment, including online sexual harassment, which may be standalone or part of a broader pattern of abuse.
- Causing someone to engage in sexual activity without consent.
- The consensual and non-consensual sharing of nude and semi-nude images and/or videos.
- Upskirting.
- Initiation and hazing-type violence and rituals, which can include activities involving harassment, abuse or humiliation used as a way of initiating a person into a group, and may also include an online element.

All staff will be clear as to the school's policy and procedures regarding child-on-child abuse and the role they have to play in preventing it and responding where they believe a child may be at risk from it.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who evidence suggests are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil's SEND and will always explore indicators further.

All staff will be made aware of the heightened vulnerability of LGBTQ+ pupils, who evidence suggests are also more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, regardless of whether they are LGBTQ+, can be just as vulnerable to abuse as LGBTQ+ pupils. The school's response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers. Pupils will also be reassured that they will be taken seriously, be supported, and kept safe. This process will be continually reviewed by the DSL / SLT.

The school's procedures for managing allegations of child-on-child abuse are outlined in the School Behaviour Policy. Staff will follow these procedures, as well as the procedures outlined in the school's Anti-Bullying Policy and Exclusion Policy, where relevant.

We will consider:

- the wishes of the victim in terms of how they want to proceed
- the nature of the alleged incident
- the ages of the children involved
- the development stages of the children involved
- any power imbalance between the children
- is the incident a one-off or a sustained pattern of abuse
- are there ongoing risks to the victim, other children, school or college staff
- contextual safeguarding issues.

Following a report of sexual violence, the designated safeguarding lead (or deputy) will make an immediate risk and needs assessment, considering:

- the victim
- the alleged perpetrator
- all other children (and if appropriate adult students and staff)
- Risk assessments will be recorded and kept under review as a minimum termly
- Refer to Guidance in Keeping Children Safe in Education Sept 2022, Part 5.

Sexual harassment

Sexual harassment refers to unwanted conduct of a sexual nature that occurs online or offline. Sexual harassment violates a pupil's dignity and makes them feel intimidated, degraded or humiliated, and can create a hostile, sexualised or offensive environment. If left unchallenged, sexual harassment can create an atmosphere that normalises inappropriate behaviour and may lead to sexual violence.

Sexual harassment includes:

- Sexual comments.
- Sexual “jokes” and taunting.
- Physical behaviour, such as deliberately brushing against another pupil.
- Online sexual harassment, including non-consensual sharing of images and videos and consensual sharing of sexual images and videos (often known as sexting), inappropriate comments on social media, exploitation, coercion, and threats – online sexual harassment may be isolated or part of a wider pattern.

Sexual violence

Sexual violence refers to the three following offences:

- **Rape:** A person (A) commits an offence of rape if they intentionally penetrate the vagina, anus or mouth of another person (B) with their penis, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Assault by penetration:** A person (A) commits an offence if they intentionally penetrate the vagina or anus of another person (B) with a part of their body or anything else, the penetration is sexual, B does not consent to the penetration and A does not reasonably believe that B consents.
- **Sexual assault:** A person (A) commits an offence of sexual assault if they intentionally touch another person (B), the touching is sexual, B does not consent to the touching and A does not reasonably believe that B consents.

Harmful sexual behaviours

The term “**harmful sexual behaviour**” is used to describe behaviour that is problematic, abusive and violent, and that may cause developmental damage. Harmful sexual behaviour may include:

- Using sexually explicit words and phrases.
- Inappropriate touching.
- Sexual violence or threats.
- Full penetrative sex with other children or adults.
- Sexual interest in adults or children of very different ages to their own.
- Forceful or aggressive sexual behaviour.
- Compulsive habits.
- Sexual behaviour affecting progress and achievement.
- Using sexually explicit words and phrases.
- Inappropriate touching.
- Sexual violence or threats.

Sexual behaviour can also be harmful if one of the children is much older (especially where there is a difference of two years or more, or where one child is pre-pubescent and the other is not) and where the child may have SEND.

A preventative approach

In order to prevent peer-on-peer abuse and address the wider societal factors that can influence behaviour, the school will educate pupils about abuse, its forms and the importance of discussing any concerns and respecting others through the curriculum, assemblies and PSHE lessons.

The school will also ensure that pupils are taught about safeguarding, including online safety, as part of a broad and balanced curriculum in PSHE lessons, RSE and group sessions. Such content will be age and stage of development specific, and tackle issues such as the following:

- Healthy relationships
- Respectful behaviour
- Gender roles, stereotyping and equality
- LGBTQ+ identities and relationships
- Body confidence and self-esteem
- Prejudiced behaviour
- That sexual violence and sexual harassment is always wrong
- Addressing cultures of sexual harassment

Pupils will be allowed an open forum to talk about concerns and sexual behaviour. They are taught how to raise concerns and make a report, including concerns about their friends or peers, and how a report will be handled.

Awareness

All staff will be aware that pupils of any age and sex are capable of abusing their peers and will never tolerate abuse as “banter” or “part of growing up”.

All staff will be aware that peer-on-peer abuse can be manifested in many different ways, including sexting and issues that disproportionately affect a certain gender, such as girls being sexually touched or assaulted, and boys being subjected to hazing/initiation type of violence which aims to cause physical, emotional or psychological harm.

All staff will be made aware of the heightened vulnerability of pupils with SEND, who evidence suggests are more likely to be abused than their peers. Staff will not assume that possible indicators of abuse relate to the pupil’s SEND and will always explore indicators further.

LGBTQ+ pupils are also more likely to be targeted by their peers. In some cases, pupils who are perceived to be LGBTQ+, whether they are or not, can be just as vulnerable to abuse as LGBTQ+ pupils. The school’s response to sexual violence and sexual harassment between pupils of the same sex will be equally as robust as it is for incidents between children of the opposite sex.

Pupils will be made aware of how to raise concerns or make a report and how any reports will be handled. This includes the process for reporting concerns about friends or peers.

Support available if a child has been harmed, is in immediate danger or at risk of harm

If a pupil has been harmed, is in immediate danger or is at risk of harm, a referral will be made to children’s social care. Within one working day, a social worker will respond to the referrer to explain the action that will be taken.

Support available if early help, section 17 and/or section 47 statutory assessments are appropriate

If early help, section 17 and/or section 47 statutory assessments (assessments under the Children Act 1989) are appropriate, school staff may be required to support external agencies. The DSL and deputies will support staff as required.

Support available if a crime may have been committed

Rape, assault by penetration and sexual assault are crimes. Where a report includes such an act, the police will be notified, often as a natural progression of making a referral to children's social care. The DSL will be aware of the local process for referrals to both children's social care and the police. Whilst the age of criminal responsibility is 10 years of age, if the alleged perpetrator is under 10, the principle of referring to the police remains. In these cases, the police will take a welfare approach rather than a criminal justice approach. The school has a close relationship with the local police force and the DSL will liaise closely with the local police presence.

Support available if reports include online behaviour

Online concerns can be especially complicated. The school recognises that there is potential for an online incident to extend further than the local community and for a victim, or the alleged perpetrator, to become marginalised and excluded both online and offline. There is also strong potential for repeat victimisation if the content continues to exist. If the incident involves sexual images or videos held online, the [Internet Watch Foundation](#) will be consulted to have the material removed. Staff will not view or forward illegal images of a child. If they are made aware of such an image, they will contact the DSL.

Managing disclosures

Victims will always be taken seriously, reassured, supported and kept safe. Victims will never be made to feel like they are causing a problem or made to feel ashamed.

If a friend of a victim makes a report or a member of staff overhears a conversation, staff will take action – they will never assume that someone else will deal with it. The basic principles remain the same as when a victim reports an incident; however, staff will consider why the victim has not chosen to make a report themselves and the discussion will be handled sensitively and with the help of children's social care where necessary. If staff are in any doubt, they will speak to the DSL.

Where an alleged incident took place away from the school or online but involved pupils from the school, the school's duty to safeguard pupils remains the same.

All staff will be trained to handle disclosures. Effective safeguarding practice includes:

- Never promising confidentiality at the initial stage.
- Only sharing the report with those necessary for its progression.
- Explaining to the victim what the next steps will be and who the report will be passed to.
- Recognising that the person the pupil chose to disclose the information to is in a position of trust.
- Being clear about boundaries and how the report will be progressed.
- Not asking leading questions and only prompting the pupil with open questions.
- Waiting until the end of the disclosure to immediately write a thorough summary. If notes must be taken during the disclosure, it is important to still remain engaged and not appear distracted.
- Only recording the facts as the pupil presents them – not the opinions of the note taker.

- Where the report includes an online element, being aware of searching, screening and confiscation advice and UKCCIS sexting advice.
- Wherever possible, managing disclosures with two staff members present (preferably with the DSL or a deputy as one of the staff members).
- Informing the DSL or deputy as soon as possible after the disclosure if they could not be involved in the disclosure.

The DSL will be informed of any allegations of abuse against pupils with SEND. They will record the incident in writing and, working with the SENCO, decide what course of action is necessary, with the best interests of the pupil in mind at all times.

Confidentiality

The school will only engage staff and agencies required to support the victim and/or be involved in any investigation. If a victim asks the school not to tell anyone about the disclosure, the school cannot make this promise. Even without the victim's consent, the information may still be lawfully shared if it is in the public interest and protects children from harm.

The DSL will consider the following when making confidentiality decisions:

- Parents will be informed unless it will place the victim at greater risk.
- If a pupil is at risk of harm, is in immediate danger or has been harmed, a referral will be made to children's social care.
- Rape, assault by penetration and sexual assault are crimes – reports containing any such crimes will be passed to the police.

The DSL will weigh the victim's wishes against their duty to protect the victim and others. If a referral is made against the victim's wishes, it will be done so extremely carefully and the reasons for referral will be explained to the victim. Appropriate specialist support will always be offered.

Anonymity

There are legal requirements for anonymity where a case is progressing through the criminal justice system. The school will do all it can to protect the anonymity of children involved in any report of sexual violence or sexual harassment. It will carefully consider, based on the nature of the report, which staff will be informed and what support will be in place for the children involved. When deciding on the steps to take, the school will consider the role of social media in potentially exposing victims' identities and facilitating the spread of rumours.

Risk assessment

The DSL or a deputy will make an immediate risk and needs assessment any time there is a report of sexual violence. For reports of sexual harassment, a risk assessment will be considered on a case-by-case basis. Risk assessments are not intended to replace the detailed assessments of experts, and for incidents of sexual violence it is likely that a professional risk assessment by a social worker or sexual violence specialist will be required.

Risk assessments will consider:

- The victim.
- The alleged perpetrator.
- Other pupils at the school, especially any actions that are appropriate to protect them.

Risk assessments will be recorded (either on paper or electronically) and kept under review in accordance with the school's Data Protection Policy.

Taking action following a disclosure

The DSL or a deputy will decide the school's initial response, taking into consideration:

- The victim's wishes.
- The nature of the incident.
- The ages and developmental stages of the pupils involved.
- Any power imbalance between the pupils.
- Whether the incident is a one-off or part of a pattern.
- Any ongoing risks.
- Any related issues and the wider context, such as whether there are wider environmental factors in a pupil's life that threaten their safety and/or welfare.
- The best interests of the pupil.
- That sexual violence and sexual harassment are always unacceptable and will not be tolerated.

Immediate consideration will be given as to how to support the victim, alleged perpetrator and any other pupils involved.

For reports of rape and assault by penetration, whilst the school establishes the facts, the alleged perpetrator will be removed from any classes shared with the victim. The school will consider how to keep the victim and alleged perpetrator apart on school premises, and on transport where applicable. These actions will not be seen as a judgement of guilt on the alleged perpetrator.

For reports of sexual violence and sexual harassment, the proximity of the victim and alleged perpetrator and the suitability of shared classes, premises and transport will be considered immediately. In all cases, the initial report will be carefully evaluated and the wishes of the victim, nature of the allegations and requirement to protect all children will be taken into consideration.

Where a pupil is found to have been involved in harmful sexual behaviour, e.g. non-consensually sharing indecent imagery of another pupil, the school will help the pupil to move forward from the incident by supporting them in adopting more positive behaviour patterns and attitudes.

Managing the report

The decision of when to inform the alleged perpetrator of a report will be made on a case-by-case basis. If a report is being referred to children's social care or the police, the school will speak to the relevant agency to discuss informing the alleged perpetrator.

There are four likely outcomes when managing reports of sexual violence or sexual harassment:

- **Managing internally**
- **Providing early help**
- **Referring to children's social care**
- **Reporting to the police**

Whatever outcome is chosen, it will be underpinned by the principle that sexual violence and sexual harassment are never acceptable and will not be tolerated. All concerns, discussion, decisions and reasons behind decisions will be recorded either on paper or electronically.

The following situations are statutorily clear and do not allow for contrary decisions:

- The age of consent is 16.
- A child under the age of 16 can never consent to sexual activity.
- Sexual intercourse without consent is rape.
- Rape, assault by penetration and sexual assault are defined in law.
- Creating and sharing sexual photos and videos of children under 18 is illegal – including children making and sending images and videos of themselves.

Managing internally

In some cases, e.g. one-off incidents, the school may decide to handle the incident internally through behaviour and bullying policies and by providing pastoral support.

Providing early help

The school may decide that statutory interventions are not required, but that pupils may benefit from early help – providing support as soon as a problem emerges. This approach can be particularly useful in addressing non-violent harmful sexual behaviour and may prevent the escalation of sexual violence.

Referral to children's social care

If a pupil has been harmed, is at risk of harm or is in immediate danger, the school will make a referral to children's social care. Parents will be informed unless there is a compelling reason not to do so (if referral will place the victim at risk). This decision will be made in consultation with children's social care.

The school will not wait for the outcome of an investigation before protecting the victim and other children.

The DSL will work closely with children's social care to ensure that the school's actions do not jeopardise any investigation. Any related risk assessment will be used to inform all decisions. If children's social care decide that a statutory investigation is not appropriate, the school will consider referring the incident again if they believe the pupil to be in immediate danger or at risk of harm. If the school agrees with the decision made by children's social care, they will consider the use of other support mechanisms such as early help, pastoral support and specialist support.

Reporting to the police

Reports of rape, assault by penetration or sexual assault will be passed on to the police – even if the alleged perpetrator is under 10 years of age. Generally, this will be in parallel with referral to children's social care. The DSL and deputies will follow the local process for referral.

Parents will be informed unless there is a compelling reason not to do so. Where parents are not informed, it is essential for the school to support the pupil with any decision they take, in unison with children's social care and any appropriate specialist agencies.

The DSL and governing board will agree what information will be disclosed to staff and others, in particular the alleged perpetrator and their parents. They will also discuss the best way to protect the victim and their anonymity. The DSL will be aware of local arrangements and specialist units that investigate child abuse.

In some cases, it may become clear that the police will not take further action, for whatever reason. In these circumstances, the school will continue to engage with specialist support for the victim as required.

23. Serious violence

Through training, all staff will be made aware of the indicators which may signal a pupil is at risk from, or is involved with, serious violent crime. These indicators include, but are not limited to:

- Increased absence from school.
- A change in friendships.
- Relationships with older individuals or groups.
- A significant decline in academic performance.
- Signs of self-harm.
- A significant change in wellbeing.
- Signs of assault.
- Unexplained injuries.
- Unexplained gifts or new possessions.

Staff will be made aware of some of the most significant risk factors that could increase a pupil's vulnerability to becoming involved in serious violence. These risk factors include, but are not limited to:

- Being male.
- Having been frequently absent from school.
- Having been permanently excluded from school.
- Having experienced child maltreatment or trauma.
- Having been involved in offending, such as theft or robbery.
- A history of committing offences
- Substance abuse
- Anti-social behaviour
- Absence
- Peers involved in crime and/or anti-social behaviour
-

Staff members who suspect a pupil may be vulnerable to, or involved in, serious violent crime will immediately report their concerns to the DSL.

24. Online Safety

St.Mary's will adhere to the Online Safety Policy at all times and is committed to keeping children safe online. The school recognises that addressing online safety issues should form an integral part of the school's safeguarding arrangements.

As part of a broad and balanced curriculum, all pupils will be made aware of online risks and taught how to stay safe online.

The school will ensure that suitable filtering systems are in place on ICT equipment to prevent children accessing inappropriate material. This system will be monitored and reviewed with any inappropriate behaviours or searches being followed up appropriately.

Further information regarding the school's approach to online safety can be found in the Online Safety Policy.

- When school become aware of an online safety issue that has occurred outside of school, it is managed in accordance with the Online Safety Policy and School Behaviour Policy.

Personal electronic devices

The use of personal electronic devices, including mobile phones and cameras, by staff and pupils is closely monitored by the school, in accordance with the Personal Electronic Devices/Staff Code of Conduct.

Where photographs and videos will involve pupils who are CLA, adopted pupils, or pupils for whom there are security concerns, the headteacher will liaise with the DSL to determine the steps involved. The DSL will, in known cases of pupils who are CLA or who have been adopted, liaise with the pupils' social workers, carers or adoptive parents to assess the needs and risks associated with the pupils.

Staff will report any concerns about pupils' or other staff members' use of personal electronic devices to the DSL, following the appropriate procedures. St. Mary's is committed to keeping pupils safe by ensuring that electronic devices such as cameras, phones and tablets are used in an appropriate manner.

School will therefore ensure that:

- informed parental consent is obtained to take and use photographs and/or videos of children, for use in school, to market the school or to share on social media / internet
- staff, visitors, volunteers and students do not use their own mobile phones or devices to take or record any images of children.

Upskirting

Under the Voyeurism (Offences) Act 2019, it is an offence to operate equipment for the purpose of upskirting. "**Operating equipment**" includes enabling, or securing, activation by another person without that person's knowledge, e.g. a motion-activated camera.

Upskirting will not be tolerated by the school. Any incidents of upskirting will be reported to the DSL, who will then decide on the next steps to take, which may include police involvement.

25. Sharing nude and semi-nude images

Formerly referred to as 'Sexting', sharing nudes and semi-nudes is defined as *the sending or posting of nude or semi-nude images, videos or live streams online by young people under the age of 18. This could be via social media, gaming platforms, chat apps or forums.* (UKCIS, 2020)

UKCIS – Sharing nudes and semi-nudes: advice for education settings (UKCIS, 2020)
<https://www.gov.uk/government/publications/sharing-nudes-and-semi-nudes-advice-for-education-settings-working-with-children-and-young-people>

The school will ensure that all staff are aware to treat the sharing of indecent images—as a safeguarding concern.

Staff will receive appropriate training regarding child sexual development and will understand the difference between sexual behaviour that is considered normal and expected for the age of the pupil, and sexual behaviour that is inappropriate and harmful. Staff will receive appropriate training around how to deal with such instances in the school community, including understanding motivations, assessing risks posed to pupils depicted in the images and how and when to report.

Staff will be aware that creating, possessing, and distributing indecent imagery of children is a criminal offence, regardless of whether the imagery is created, possessed, and distributed by the individual depicted; however, staff will ensure that pupils are not unnecessarily criminalised.

Where a member of staff becomes aware of an incidence of sharing nudes/semi-nudes that involves indecent images of a pupil, they will refer this to the DSL as soon as possible. Where a pupil confides in a staff member about the circulation of indecent imagery, depicting them or someone else, the staff member will:

- Refrain from viewing, copy, printing, sharing, storing or saving the imagery.
- Tell the DSL immediately if they accidentally view an indecent image and seek support.
- Explain to the pupil that the incident will need to be reported.
- Respond positively to the pupil without blaming or shaming anyone involved, and reassuring them that they can receive support from the DSL.
- Report the incident to the DSL.

The DSL will attempt to understand what the image contains **without viewing it** and the context surrounding its creation and distribution – they will categorise the incident into one of two categories:

- **Aggravated:** incidents involving additional or abusive elements beyond the creation, sending or possession of nudes and semi-nudes;- including where there is an adult involved, where there is an intent to harm the pupil or where the images are used recklessly.
- **Experimental:** incidents involving the creation and sending of nudes and semi-nudes with no adult involvement, no apparent intent to harm or reckless misuse.-

Where it is necessary to view the imagery, e.g. if this is the only way to make a decision about whether to inform other agencies, the DSL should:

- never copy, print, share, store or save them; this is illegal.
- discuss the decision with the headteacher or a member of the senior leadership team
- make sure viewing is undertaken by the DSL (or equivalent) or another member of the safeguarding team with delegated authority from the headteacher or a member of the senior leadership team
- make sure viewing takes place with another member of staff present in the room, ideally the headteacher or a member of the senior leadership team.
- wherever possible, make sure viewing takes place on the premises of the education setting, ideally in the headteacher or a member of the senior leadership team's office
- make sure wherever possible that they are viewed by a staff member of the same sex as the child or young person in the images

- record how and why the decision was made to view the imagery in the safeguarding or child protection records, including who was present, why the nudes or semi-nudes were viewed and any subsequent actions.
- if any devices need to be taken and passed onto the police, the device(s) should be confiscated and the police should be called.

The above summarised points are explained in further detail with important supporting guidance in the UKCIS guidance – Sharing nudes and semi-nudes: advice for education settings

26. Context of safeguarding incidents

Safeguarding incidents can occur outside of school and can be associated with outside factors. All staff, particularly the DSL and deputy DSL(s), will always consider the context of safeguarding incidents. Assessment of pupils' behaviour will consider whether there are wider environmental factors that are a threat to their safety and/or welfare. The school will provide as much contextual information as possible when making referrals to CSC or external agencies.

Pupils with SEND

When managing safeguarding in relation to pupils with SEND, staff will be aware of the following:

- Pupils with SEND or disabilities are nearly 4 times more likely to be a victim of abuse
- Certain indicators of abuse, such as behaviour, mood and injury, may relate to the pupil's disability without further exploration; however, it should never be assumed that a pupil's indicators relate only to their disability
- Pupils with SEND can be disproportionately impacted by issues such as bullying, without outwardly showing any signs
- Communication barriers may exist, as well as difficulties in overcoming these barriers

When reporting concerns or making referrals for pupils with SEND, the above factors will always be taken into consideration. When managing a safeguarding issue relating to a pupil with SEND, the DSL will liaise with the school's SENCO, as well as the pupil's parents where appropriate, to ensure that the pupil's needs are met effectively.

27. Extracurricular activities and clubs

Extra-curricular activities and clubs hosted by external bodies, e.g. charities or companies, will work in collaboration with the school to effectively safeguard pupils and adhere to local safeguarding arrangements.

Staff and volunteers running extracurricular activities and clubs are aware of their safeguarding responsibilities and promote the welfare of pupils. Paid and volunteer staff understand how they should respond to child protection concerns and how to make a referral to CSC or the police, if necessary.

We will always consider safeguarding arrangements when an extracurricular activity or club is arranged in view of DSL availability or ensuring that a transfer of control document has been completed for external agencies and the school is satisfied that the agency has appropriate safeguarding policies and procedures in place.

28. Alternative provision

The school will remain responsible for a pupil's welfare during their time at an alternative provider. When placing a pupil with an alternative provider, the school will obtain written confirmation that the provider has conducted all relevant safeguarding checks on staff.

29. Work experience

When a pupil is sent on work experience, the school will ensure that the provider has appropriate safeguarding policies and procedures in place. Where the school has pupils conduct work experience at the school, an enhanced DBS check will be obtained if the pupil is over the age of 16.

30. Managing referrals

All staff members, in particular the DSL, will be aware of the LA's arrangements in place for managing referrals. The DSL will provide staff members with clarity and support where needed. When making a referral to CSC or other external agencies, information will be shared in line with confidentiality requirements and will only be shared where necessary to do so.

The DSL will work alongside external agencies, maintaining continuous liaison, including multi-agency liaison where appropriate, in order to ensure the wellbeing of the pupils involved. The DSL will work closely with the police to ensure the school does not jeopardise any criminal proceedings, and to obtain help and support as necessary.

Where a pupil has been harmed or is in immediate danger or at risk of harm, the referrer will be notified of the action that will be taken within one working day of a referral being made. Where this information is not forthcoming, the referrer will contact the assigned social worker for more information.

The school will not wait for the start or outcome of an investigation before protecting the victim and other pupils: this applies to criminal investigations as well as those made by CSC. Where CSC decide that a statutory investigation is not appropriate, the school will consider referring the incident again if it is believed that the pupil is at risk of harm. Where CSC decide that a statutory investigation is not appropriate and the school agrees with this decision, the school will consider the use of other support mechanisms, such as early help and pastoral support.

At all stages of the reporting and referral process, the pupil will be informed of the decisions made, actions taken and reasons for doing so. Discussions of concerns with parents will only take place where this would not put the pupil or others at potential risk of harm. The school will work closely with parents to ensure that the pupil, as well as their family, understands the arrangements in place, such as in-school interventions, is effectively supported, and knows where they can access additional support.

31. Concerns about staff and safeguarding practices

If a staff member has concerns about another member of staff (including supply staff and volunteers), it will be raised with the headteacher. If the concern is with regards to the headteacher, it must be referred to the chair of governors.

Any concerns regarding the safeguarding practices at the school will be raised with the SLT, and the necessary whistleblowing procedures will be followed, as outlined in the Whistleblowing Policy. If a staff member feels unable to raise an issue with the SLT, they

should access other whistleblowing channels such as the NSPCC whistleblowing helpline (0800 028 0285).

32. Allegations of abuse against staff and low-level concerns

There are clear policies in line with those from the CSAP (Children's Safeguarding Assurance Partnership) for dealing with allegations against people who work with children.

All allegations against staff, supply staff, volunteers and contractors will be managed in line with the school's Whistleblowing Policy – a copy of which will be provided to, and understood by, all staff at induction. The school will ensure all allegations against staff, including those who are not employees of the school, are dealt with appropriately and that the school liaises with the relevant parties.

When managing allegations against staff, the school will recognise the distinction between allegations that meet the harms threshold and allegations that do not, also known as "low-level concerns". Allegations that meet the harms threshold include instances where staff have:

- Behaved in a way that has harmed a child or may have harmed a child.
- Committed or possibly committed a criminal offence against or related to a child.
- Behaved towards a child in a way that indicates they may pose a risk of harm to children.
- Behaved, or may have behaved, in a way that indicates they may not be suitable to work with children.

All staff at St.Mary's are aware of these procedures and aware of the following expectations and protocol:-

- ALL staff and volunteers are aware that they must refer allegations or concerns around staff (including supply staff) conduct to the Headteacher
- ALL staff and volunteers are aware of the requirement to, and process of referring allegations or concerns around the Headteacher to the nominated Governor and how to contact them
- The Headteacher and/or Chair of Governors will discuss the allegation with the Local Authority Designated Officer (LADO)
- CSAP procedures for dealing with allegations against staff will be followed http://panlancashirescb.proceduresonline.com/chapters/p_allegations.html
- ALL staff and volunteers remember that the welfare of the child is paramount and that they have a duty to inform **the Headteacher** if any adult's conduct gives cause for concern
- All staff recognise the importance of sharing and reporting low-level concerns (see below guidance on low-level concerns) surrounding staff or any adult in a position of trust to the **Headteacher**.
- ALL staff are aware of the school's Whistle Blowing Policy which enables staff to raise concerns or allegations in confidence and for a sensitive enquiry to take place
- Staff are fully aware of Guidance for Safer Working Practice 2022 and are aware of professional expectations of their own behaviour and conduct.
- Further information, LADO information and flowchart of how allegations are managed:

2021 LADO Flyer
May 2021.doc

Threshold matrix
LADO August 2022 (

St.Mary's recognises that children may make disclosures against someone who is in a position of trust not in the school setting. This may be an adult in a place of worship, a sports coach or a club leader. After ensuring that the child is safe, we recognise that we must refer to the LADO and share information.

Low Level Concerns

St.Mary's ensure that all staff are aware of how to recognise and report **low level concerns** around staff behaviour or conduct.

The term 'low-level' concern does not mean that it is insignificant. A low-level concern is any concern – no matter how small, and even if no more than causing a sense of unease or a 'nagging doubt' - that an adult working in or on behalf of the school or college may have acted in a way that:

- is inconsistent with the staff code of conduct, including inappropriate conduct outside of work and
- does not meet the harm threshold or is otherwise not serious enough to consider a referral to the LADO.

Examples of such behaviour could include, but are not limited to:

- being over friendly with children
- having favourites
- taking photographs of children on their mobile phone, contrary to school policy
- engaging with a child on a one-to-one basis in a secluded area or behind a closed door, or
- humiliating pupils.

St.Mary's will promote an open and transparent culture in which all concerns about all adults working in or on behalf of the school or college (including supply teachers, volunteers and contractors) are dealt with promptly and appropriately. St.Mary's will strive to embed a culture of openness, trust and transparency in which the school's values and expected behaviour set out in the staff code of conduct are lived, monitored and reinforced constantly by all staff.

St.Mary's will ensure that staff are encouraged and feel confident to self-refer, where, for example, they have found themselves in a situation which could be misinterpreted, might appear compromising to others, and/or on reflection they believe they have behaved in such a way that they consider falls below the expected professional standards.

All staff are clear on how to report low level concerns and will be empowered to do so. Staff must report their concerns to the Head teacher. If concerns are surrounding the Head teacher, this must be referred to the Chair of Governors. Guidance from Keeping Children Safe in Education, September 2022, paragraphs 436 – 439 will be followed in view of recording and storage of such concerns.

If in doubt whether the concern is a low-level concern, the Headteacher will consult with LADO for guidance.

The governing body will ensure low level concern procedures and staff behaviour expectations are clearly addressed within the staff code of conduct and procedures are implemented effectively, ensuring that appropriate action is taken in a timely manner to safeguard children and facilitate a whole school or college approach to dealing with any concerns.

33. Safer recruitment

St.Mary's is committed to keeping pupils safe by ensuring that adults who work or volunteer in school are safe to do so. We therefore ensure that:

- Lancashire County Council Human Resources Guidance is adhered to, to ensure that there is a strong reference and commitment to safeguarding during advertisement, selection and recruitment of new staff

An enhanced DBS check with barred list information will be undertaken for all staff members engaged in regulated activity. A person will be considered to be in 'regulated activity' if, as a result of their work, they:

- Are responsible on a daily basis for teaching, training, instructing or the care or supervision of children.
- Regularly work in the school at times when children are on the premises.
- Regularly come into contact with children under 18 years of age.

(Regular is defined as; at least 3 times in a 30 day period.)

The DfE's DBS Workforce Guides will be consulted when determining whether a position fits the child workforce criteria.

The governing board will conduct the appropriate pre-employment checks for all prospective employees, including internal candidates and candidates who have lived or worked outside the UK.

School will ensure that:

- The appropriate DBS and suitability checks will be carried out for all governors, volunteers, and contractors.
- The original DBS certificate is seen for all appointees to the school, even where the on-line DBS system indicates that the check is clear.
- There are sufficient staff/Governors who have undertaken appropriate Safer Recruitment training in the last 5 years to enable at least one person on every recruitment panel to be appropriately trained and there are at least 2 people on each selection panel
- Covering (umbrella) letters will be obtained from agencies and other employers that provide staff to work in school to confirm that appropriate checks have been undertaken. Agencies will be requested to complete the checklist found at Appendix Q of the R&S Guidance.

Appendix Q -
Agency R&S checklist

- Individual identity checks will be undertaken on those staff detailed above to ensure they are employees of the named agency/employer
- Consideration on carrying out an online search as part of our due diligence on shortlisted candidates. This may help identify any incidents or issues that have happened, and are publicly available online.
- A transfer of control agreement will be used where other agencies/organisations use school premises and are not operating under school's safeguarding policies and procedures
- Adults who are involved in the management or provision of child care of children in Early Years, or in out of school provision for children up to 8 years old, will make a declaration that they are not disqualified under the Child Care Act 2006.
- With regard to Disqualification Under the Childcare Act we will adhere to Guidance from Lancashire County Council Human Resources
- It is good practice to ensure that this declaration is renewed annually for those staff working in a relevant setting and evidenced using the LCC staff confirmation form (May 2021). This form will be retained and stored securely.

ANNUAL STAFF
CONFIRMATION FOI

Guidance and
FAQs.docx

Staff declaration
form May 2021.docx

- When an issue is declared, advice will be sought from Ofsted about the need to apply for a waiver. If a waiver is necessary, a risk assessment will be carried out and proportionate measures put in place until a waiver has been issued or matters resolved. If it is not resolved, this must be reported:- disqualification@ofsted.gov.uk
- Advice will be sought from Human Resources, LADO and/or Schools Safeguarding Officers if any staff are unclear about any aspects of Safer Recruitment.

Referral to the DBS

The school will refer to the DBS anyone who has harmed a child or poses a risk of harm to a child, or if there is reason to believe the member of staff has committed an offence and has been removed from working in regulated activity.

Single central record (SCR)

The school keeps an SCR which records all staff, including agency and third-party supply staff (for longer placements), and teacher trainees on salaried routes, who work at the school.

The following information is recorded on the SCR:

- An identity check
- A barred list check
- An enhanced DBS check
- A prohibition from teaching check
- A check of professional qualifications, where required
- A check to determine the individual's right to work in the UK
- Additional checks for those who have lived or worked outside of the UK.
- Any other information deemed relevant.

If any checks have been conducted for volunteers or Governors, these may also be recorded on the SCR. If risk assessments are conducted to assess whether a volunteer should be subject to an enhanced DBS check, the risk assessment will be recorded.

The details of an individual will be removed from the SCR once they no longer work at the school.

34. Review

This Policy is subject to ongoing review; however, will be reviewed no later than September 2023. All staff have received a copy of this policy.
